I. coordination plan.

b. STANCIB (now USCIB) on 22 April 1946 approved a paper on the "Duties and Responsibilities of the Coordinator of Joint Operations," dated 5 April 1946, which indicates that the Coordinator of Joint Operations shall function "under the control of STANCIB-STANCIOC as executor of policies and directives formulated by STANCIB-STANCIIC for the allocation of tasks for such intercept and processing capacities as may be made available for joint use by Army Security Agency and Op-20-G, and for coordination of all joint projects with other U. S. and foreign intelligence agencies. The operating heads of Army Security Agency and Op-20-G will be responsible to the Coordinator for accomplishment of the tasks allocated by him."

c. The Coordinator is assisted by a Joint Intercept Control Group, a Joint Processing Allocation Group and a Joint Liaison Group, each headed by a Deputy Coordinator. The Deputy Coordinator for Intercept Control is to be chosen from the same service as the Coordinator, the Deputy Coordinators for Allocation and for Liaison from the opposite service. The Coordinator, moreover, "shall have assigned to him the necessary clerical, administrative, and technical assistance and facilities from each service, but in the interest of minimizing his requirements in that respect he will use the established facilities of the two agencies whenever practicable."

Duties and Authority of Standing Subcommittees

19. The purpose of the subcommittee is primarily to assist the Coordinator of Joint Operations in technical coordination of the operating agencies (ASA and SRA) on a working level. The subcommittee may, however, be called upon at any time to assist USCIB or USCICC with the conduct of special studies or the preparation of required plans. In order to minimize the size of these

~~TOP SEC.ET~~~~TOP SECRET~~Subcommittee Chairman

25. Each subcommittee will have a permanent chairman, nominated by the Coordinator of Joint Operations. These nominations must be approved by the members of USCIB.

Duties of Subcommittee Chairmen

26. The responsibility for conducting action on matters referred to a subcommittee, as well as the responsibility for the form, completeness and accuracy of its reports, rests upon the Chairman of the subcommittee. It is his duty to secure a unanimous agreed decision if possible. If no such decision can be reached in matters referred by USCIB, USGCC or the Coordinator to the subcommittee, USCIB, USGCC or the Coordinator respectively shall be informed that the subcommittee was unable to reach a decision.

Monthly Reports of Subcommittees

27. The monthly report of each subcommittee will include (a) the agenda for the meeting; (b) minutes of the meeting; and (c) a brief resume of not more than two pages, double spaced, with each item listed separately under three headings:

- (1) Important items discussed at the meeting.
- (2) Important items to be discussed at the next meeting.
- (3) Questions to be referred to the Coordinator of Joint Operations.

28. For convenience in filing and uniformity in presentation when submitting the subcommittee report to the Secretariat, the resume of the monthly meeting will be placed on top of the minutes and the agenda beneath the minutes.

29. Two copies of the monthly report of each subcommittee will be sent to the Assistant Secretary of USCIB. Other copies will be furnished by the secretary of the subcommittee to the members of the subcommittee concerned and to the heads of the participating organization as directed.

Completion and Forwarding of Reports

30. The Coordinator of Joint Operations will fix the dates for the completion of reports and other matters referred by USCIB, USGCC or the Coordinator to subcommittees. Subcommittee reports addressed to USCIB or USGCC shall be routed via the Coordinator, who will forward the complete report with such comments thereon as he may wish to make.

~~TOP SECRET~~~~TOP SECRET~~Absence from Subcommittee Meetings

31. Any regular subcommittee member, if unable to attend an announced meeting, may authorize a representative of his organization to act on his behalf as a temporary member.

Committee of Primary Interest

32. When a task has been assigned a subcommittee, the subcommittee will be presumed to have primary interest in the task and will take all necessary steps to accomplish it, including special meetings and coordination with other appropriate subcommittees by joint meetings or otherwise, to the end that the report on the task may be presented to the Assistant Secretary of UGCICC with the least practicable delay. If due dates cannot be met, report of reason for the delay should be submitted to the Assistant Secretary as soon as known, but, at the latest, in time to be presented to UGCICC at its regular meeting. The report should contain a recommendation for a new due date.

Ad Hoc Working Committees

33. Ad hoc working committees may be designated by the Coordinator to assist in completing specific tasks. The Chairman of the ad hoc committee will select the time and the place of its meetings and will notify the members thereof.

Expert Assistants

34. Subcommittees may request the presence of specially qualified persons, military or civilian, to aid them in effectively accomplishing their work. Such persons may also serve on working committees.

Coordination

35. Complete coordination of all matters not involving policy must be effected at subcommittee level, and is the responsibility of the subcommittee Chairmen. Complete coordination requires:

a. Consultation of all members within the subcommittee. Secretaries of subcommittees will be responsible for circulating all reports, minutes of meetings, documents, etc. for the approval of the members of the subcommittee before submitting them to the Coordinator of Joint Operations.

b. Consultation by members of the subcommittee assigned primary interest with other subcommittees having an overlapping interest.

~~TOP SECRET~~~~TOP SECRET~~

- a. Consultation by members of the subcommittee assigned primary interest with their respective organizations for advice; however, subcommittees are required to achieve solutions of the problems presented after full consideration of all pertinent factors.

#### Expediting of Business

36. Prompt completion of assigned tasks is essential to the effectiveness of USCICO. Subcommittee members are to give prompt attention to work assigned to them. Whenever practicable, Chairmen should appoint working committees to undertake solution of specific problems in advance of formal consideration in subcommittee meetings.

#### Special Recommendations - Completed Staff Work

37. Where a matter considered by a subcommittee is the subject of a recommendation to be forwarded for consideration by USCIB, USCICC or the Coordinator, a report shall be prepared by the originating subcommittee and eleven copies of it sent to the Assistant Secretary. The paragraphs of each report should be numbered consecutively with Arabic numerals. The report should be as brief as the nature of the case permits and should be limited to two pages double spaced, with additional material attached as appendices, annexes, and tabs as may be necessary. The special report containing a specific recommendation should contain:

- a. Name of the subcommittee.
- b. Date of the report.
- c. Statement of the subject matter of the case or nature of the problem.
- d. Statement of facts bearing on the case.
- e. Statement of the conclusions of the subcommittee.
- f. Recommendations of the subcommittee drafted in such manner that they include a directive, letter, or language containing completed staff work suitable for promulgation by USCIB, USCICC or the Coordinator.
- g. Affirmative statement indicating (1) that the matter has been coordinated with other subcommittees (names) and (2) the result of such coordination, or a statement that no coordination was deemed necessary.
- h. Signature of the Chairman of the subcommittee.

~~TOP SECRET~~~~TOP SECRET~~

38. "Completed Staff Work" is the presentation of completed action by a staff officer or group, leaving nothing to be done by the chief but to approve or disapprove the action recommended. Writing a memorandum to the Chief does not constitute "Completed Staff Work," but writing a memorandum for the chief to send to someone else does. The writer's views should be in final form so the chief can make them his own simply by signing.

#### Effective Dates

39. In preparing their recommendations, subcommittees should give consideration to the establishment of dates when their recommendations should become effective, if adopted by USCIB, USCICC or the Coordinator, and should include recommended effective dates in their reports. Recommendations as to effective dates should not be permitted to delay the submission of agreed recommendations, either by reason of disagreement as to the effective date or because of the additional time required for full coordination with other subcommittees or authorities outside USCIB-USCICC.

#### Receipts for USCIB-USCICC Documents

40. The Secretariat and the secretaries of the various subcommittees inclose receipts with all documents forwarded to members, which are to be returned as promptly as possible.

41. All documents relating to USCIB-USCICC activities should be classified as Secret or higher as appropriate. Though no receipts requiring classification should be issued, addressees are responsible for checking all receipts before returning them to the Secretariat or the secretaries of the various subcommittees to ensure that the receipts have been properly classified when necessary.
